Ylli Bajrami

Front-End Developer

✉ yllibajrami.r@gmail.com   📞 Front-End Developer   📍 Tetovo, 1200 Tetovo

Profile

Passionate about crafting seamless user experiences, I bring two years of dedicated frontend development expertise to the table. Proficient in HTML, CSS, and JavaScript, Typescript, I specialize in turning design concepts into responsive and dynamic web applications. My journey has equipped me with a keen eye for detail, ensuring pixel-perfect implementations that enhance user engagement.

With a solid foundation in popular frontend frameworks such as React.js, Angular, I've successfully contributed to the development of user-friendly interfaces that prioritize both aesthetics and functionality. I thrive in collaborative environments, leveraging my communication skills to work effectively with cross-functional teams. In addition to my technical prowess, I continuously embrace emerging technologies and industry best practices to stay ahead in the rapidly evolving world of frontend development.

Education

High school　　　　　　　　　　Sep 2014 - Apr 2018
"7 March, Tetovo

University　　　　　　　　　　Oct 2018 - Mar 2022
University of Tetovo, Tetovo

Employment

Front-End Developer　　　　　　Apr 2022 - Oct 2022
Capstone, Tetovo

I started as a front-end intern and turned that experience into a capstone company. Initial mistakes became valuable lessons. Collaboration revealed itself after underestimating the team's contribution. Chasing perfection turned into a beautiful mistake, teaching the value of iteration and adaptation. Adapting to technological shifts was another misstep turned advantage. In retrospect, these beautiful mistakes defined my front-end journey, composing a symphony of growth and innovation.

Front-End Developer　　　　　　Oct 2022
909, Tetovo

Currently employed as a Frontend Developer at Firm 909, actively contributing to two diverse projects. Involved in the development of a comprehensive Point of Sale (POS) and management system tailored for restaurants and hotels, as well as a specialized BSD program catering to German businesses, enhancing workforce efficiency.
